

## H<sub>2</sub>O Activities

# WATCH THE FLOW OF YOUR H<sub>2</sub>O

### Fill in the missing words

We all use \_\_\_\_\_ every day. We use it to cook, clean, wash and \_\_\_\_\_. We need water to survive. Plants and \_\_\_\_\_ need water too. Mackay's Drinking water comes from the Pioneer River at the \_\_\_\_\_, as well as from underground bores. Water can get \_\_\_\_\_, so before we can drink it, it must be \_\_\_\_\_. Water is cleaned at a \_\_\_\_\_. Mackay's main Water Treatment Plant is situated on \_\_\_\_\_. At the Water Treatment Plant the water goes through a treatment process designed to remove \_\_\_\_\_. Some \_\_\_\_\_ are also added to the water to ensure it is safe for human consumption. Water is then pumped from the treatment plant to our \_\_\_\_\_ through underground \_\_\_\_\_. It is important to look after our water and not \_\_\_\_\_ it. We can all help to do this by turning \_\_\_\_\_ the tap when you are not using it, telling an \_\_\_\_\_ when you see a \_\_\_\_\_ and having \_\_\_\_\_ showers. \_\_\_\_\_ water is everyone's business.
